

BA336 EXTRA CREDIT OPPORTUNITY

For Spring 2010 semester ONLY – Due May 10, 2010 by 12:00 noon

This is a one-time opportunity to add points to your final course. The work would be to write an "extra credit" paper.

You may write up to a 5-page paper and receive 1% extra credit for each full (to the bottom) single-spaced page.

The papers must be single-spaced FULL pages and must follow the format you have for papers in your course handouts. Use the format for **Paper #2:**

Write a paper covering the topic "Foreign Direct Investment (FDI)" in international business covered in class and your text.** **You will need to find an article about FDI being applied in the business world recently. Attach a copy of the article, brochure, web page, etc.. You must follow the paper format in your handout package: "PAPER #2 (Article Review) OUTLINE"**

The paper must be submitted by Monday, May 10, 2010. You must **email** it to me by 12:00 noon and leave a hard copy in the Business Department.

Best,
Professor Boyd
